

N5 PRACTICAL WOOD WORK ESSENTIAL INFORMATION

<p>Which topics are covered at N5?</p> <table border="1"> <tr><td>Measuring and marking out</td></tr> <tr><td>Reading and interpreting drawings and documents</td></tr> <tr><td>Materials</td></tr> <tr><td>Bench work</td></tr> <tr><td>Cramping</td></tr> <tr><td>Flat Frame Jointing Techniques</td></tr> <tr><td>Carcase jointing techniques</td></tr> <tr><td>Mechanical fixings and adhesives</td></tr> <tr><td>Use and maintenance of machine and power tools</td></tr> <tr><td>Surface preparation and finishing</td></tr> <tr><td>Care and maintenance of tools and machinery, and safe working practices</td></tr> <tr><td>Sustainability and recycling</td></tr> <tr><td>Safe working practices</td></tr> </table>	Measuring and marking out	Reading and interpreting drawings and documents	Materials	Bench work	Cramping	Flat Frame Jointing Techniques	Carcase jointing techniques	Mechanical fixings and adhesives	Use and maintenance of machine and power tools	Surface preparation and finishing	Care and maintenance of tools and machinery, and safe working practices	Sustainability and recycling	Safe working practices	<p>What apps and websites can I use to support my learning? https://achieve.hashtag-learning.co.uk/ https://www.brightredpublishing.co.uk/shop/design-and-manufacture https://www.sqa.org.uk/pastpapers/findpastpaper.htm https://www.technologystudent.com/ https://www.designclass.co.uk/</p> <p>Are there important dates of which I should I be aware? Oct – Moderation period 1 Dec – Moderation period 2 Jan - March – Final project (70%)</p>
Measuring and marking out														
Reading and interpreting drawings and documents														
Materials														
Bench work														
Cramping														
Flat Frame Jointing Techniques														
Carcase jointing techniques														
Mechanical fixings and adhesives														
Use and maintenance of machine and power tools														
Surface preparation and finishing														
Care and maintenance of tools and machinery, and safe working practices														
Sustainability and recycling														
Safe working practices														
<p>How is the course assessed?</p>														
<table border="1"> <thead> <tr> <th>COMPONENT</th> <th>DETAILS</th> <th>LENGTH</th> <th>MARKS</th> <th>SCALED</th> <th>%</th> </tr> </thead> <tbody> <tr> <td>Practical Activity/log book/case study</td> <td>Students will manufacture a product set by the SQA</td> <td>January – April in class time</td> <td>70</td> <td>70</td> <td>70%</td> </tr> </tbody> </table>		COMPONENT	DETAILS	LENGTH	MARKS	SCALED	%	Practical Activity/log book/case study	Students will manufacture a product set by the SQA	January – April in class time	70	70	70%	
COMPONENT	DETAILS	LENGTH	MARKS	SCALED	%									
Practical Activity/log book/case study	Students will manufacture a product set by the SQA	January – April in class time	70	70	70%									
<p>What resources do I need? Resources from lessons (Teams) Login details to Achieve Website</p>	<p>What else can I do to improve? Read through Teams resources. Go over theory work covered in class. Use Achieve Website</p>													
<p>Where can I find more information about the writing exam and assignment? The SQA Understanding Standards provides exemplars and grades awarded. https://www.understandingstandards.org.uk/</p>														
<p>Where do I find the past papers? SQA - NQ - Past papers and marking instructions</p>														
<p>Where do I find more information about the course? https://www.sqa.org.uk/files_ccc/PracticalWoodworkingCourseSpecN5.pdf</p>	<p>How do I ensure top marks? Set yourself an aspirational target grade and detail exactly what you're going to do to achieve this and keep referring to this Keep focused during the practical assessment. Work consistently throughout the year</p>
